CPA Funding Requested: \$8,296.80

Total Project Cost: \$8,296.80

Project Description: The project proposes to purchase 10 metal, powder coated 8-foot picnic tables for deployment to various city parks. The goal is to provide more opportunity for the public to have a comfortable and enjoyable time while visiting our city parks. These durable tables are portable (as opposed to fixed in the ground in one location), so they can be moved as needed, depending on where the demand is. In the winter months, they will be stored at the park maintenance headquarters.

Estimated Project Budget: The cost for the 10 tables is \$8,296.80 (see attached quote). The tables will be secured from the Massachusetts Correctional Industries whose mission is to offer diverse, self-sustaining programs that are beneficial to offenders and economical for the Commonwealth. Participants are provided vocational instruction on current equipment and technologies while producing a variety of high-quality products. These programs encourage the development of valuable skills along with a positive work ethic, better positioning offenders for success in the workforce and community upon reentry. **Free Delivery, No Bid!**

Where appropriate, signature of property owner (or City representative if City-owned) and/or chief executive officer of organization:
